Welcome to Open Enrollment!

It's time to choose your benefit options for the 2027 plan year!

Open Enrollment is October 13-November 10, 2026. This is your opportunity to reflect on your needs and fine-tune your benefits package to match. Take some time to think about the changes you've experienced over the past year or anticipate in the coming year and select the plan(s) that will best meet your needs.

This guide will help you evaluate your health insurance options to make sure you have the coverage that is right for you. You'll also find 2027 health benefit information on the DERP website ([DERP.org](https:// DERP.org)) including video presentations from all carriers explaining the benefits their plan provides along with links to their summary of benefits and coverage.

2027 Highlights

Medical

- Increase to all medical plan rates
- Kaiser Every Day Care Plan (EDCP) replacing the Kaiser DHMO plan

Dental

- Increase to Delta Dental rates

Vision

- No change to vision plan rates

If you like your current insurance elections, you don't need to do anything during Open Enrollment. Your elections will remain the same for 2027.

Key Dates

Tuesday, October 13, 2026

Open Enrollment begins

Tuesday, November 10, 2026

Last day to make changes

Open Enrollment closes at midnight Mountain Time

Friday, January 1, 2027

Changes are effective

Benefit Eligibility

Who's eligible to enroll in insurance coverage through DERP?

- Members receiving a DERP Pension Benefit, and their eligible dependents, may enroll in a DERP medical, dental, and/or vision insurance plan.
- Members who receive a DERP Pension Benefit due to a domestic relations order are not eligible to enroll in insurance.

Who can I cover on my plan?

You can enroll eligible dependents if you're enrolled in a DERP health insurance plan(s).

Eligible dependents include:

- Your spouse
- Your children to age 26
- Your dependent children of any age who are physically or mentally unable to care for themselves (legal documentation is required)

Supporting documents are required to prove dependency. Acceptable documentation includes:

- Spouse: marriage certificate, common-law affidavit, or the first page of your most currently filed federal tax return
- Child: certified birth certificate, guardianship paperwork, or adoption paperwork

Can I enroll, change plans, or add dependents outside of Open Enrollment?

Yes, you can enroll, or change your health insurance plan and add dependents, outside of the annual Open Enrollment period when you experience a qualifying life event.

What is a qualifying life event?

A qualifying life event is a change in your situation that makes you eligible to update your health insurance outside of the annual Open Enrollment period. Changes to your health insurance must be made **within 30 days** of a qualifying event. A qualifying life event includes:

- Becoming eligible for Medicare
- Change in marital status
- Involuntary loss of previous health insurance
- Change in residence and becoming ineligible for your current health insurance

Email Help@DERP.org as soon as possible so we can work with you to get the proper paperwork and supporting documentation related to your qualifying life event.

Enrollment

How do I make changes to my coverage?

All changes must be made through your MyDERP.org account. Follow these 5 steps:

1. Log in to your MyDERP.org account.
2. Select the **Insurance Enrollment** link on the left side of the screen.
3. Follow the instructions on the screens to make your selections.
4. Review your enrollment changes.
5. Click the **Submit** button to complete your changes.

Once you click the **Submit** button, you won't be able to make changes through your MyDERP.org account. If you need to edit your elections, email Help@DERP.org or call (303) 839-5419.

Your changes will show in pending status until reviewed and approved by the membership services team. A membership services representative may contact you to clarify your selections and/or ask for documents to support your selections.

What's the deadline to make changes to my 2027 coverage?

The last day to modify your coverage is Tuesday, November 10, 2026, by midnight Mountain Time.

When will the changes be effective?

Changes are effective Friday, January 1, 2027.

What if I don't want to make any changes?

If you like your current insurance elections, you don't need to do anything during Open Enrollment. Your elections will remain the same for 2027.

What if I miss the Open Enrollment deadline?

If you miss the Open Enrollment deadline to make changes to your coverage, you'll have to wait until the 2027 Open Enrollment period to make changes unless you experience a qualifying life event.

Questions?

We're happy to help you enroll and/or make benefit selections that are right for you. If you have questions, email Help@DERP.org or call (303) 839-5419.

Key Terms You'll See in this Guide

Coinsurance

After you meet your deductible, you pay a portion of the costs of a covered health care service.

Copay

A fixed dollar amount you pay for a covered health care service.

Deductible

The amount you pay each calendar year for covered health care services before the insurance plan will begin to pay.

Medical Emergency

A medical condition that requires immediate health care services to prevent serious jeopardy to your health.

Insurance Premium Reduction (IPR) Benefit

The dollar amount we contribute toward your monthly insurance premiums. The IPR benefit is based on your years of service and Medicare eligibility. To be eligible for the IPR Benefit, you must be enrolled in group health insurance offered by DERP. In addition, the IPR benefit is only available to members and spouses receiving a joint and survivor benefit. The IPR is \$12.50 per year of service credit, per month, for non-Medicare retirees; \$6.25 per year of service credit, per month, for Medicare retirees.

Out-of-pocket maximum

The most you will pay for covered health care services during the calendar year. All copay, deductible, and coinsurance payments count toward the out-of-pocket maximum. Once you've met your out-of-pocket maximum, your insurance plan will pay 100% of covered health services.

PCP or Primary Care Physician

The doctor who works with you and other doctors to provide, prescribe, approve, and coordinate your medical care and treatment. Your medical plan may require you to see your PCP before you can see a specialist.

Premium

The amount you pay out of your retirement benefit to be enrolled in the medical, dental, and/or vision insurance plans. Premiums are deducted on a post-tax basis.

Preventive Care

Covered services that are intended to prevent disease or to identify disease while it is more easily treatable. Examples of preventive care services include screenings, check-ups, and patient counseling to prevent illnesses, disease, or other health problems. In-network preventive care is covered 100% by all medical plans.

Specialist

A doctor who has special training in a specific kind of medical care, such as a cardiologist or a neurologist. Your medical plan may require you to see your Primary Care Physician before you can see a specialist.

Insurance Plan Premium Summary

The following monthly insurance plan premiums don't include the Insurance Premium Reduction (IPR) benefit you may be eligible to receive. Your premium portion is deducted from your DERP Pension Benefit on a post-tax basis. Refer to the carrier pages for more information about each insurance plan.

VSP	\$9.54	\$19.41	\$17.90	\$32.72

Non-Medicare Medical Plans

We offer non-Medicare medical plan options through two carriers: Kaiser Permanente and UnitedHealthcare. Kaiser Permanente offers a High-Deductible Health Plan (HDHP) and an Every Day Care Plan (EDCP). UnitedHealthcare offers an HDHP, a Deductible Health Maintenance Organization (DHMO) plan, and a Denver Health PPO plan. All plans cover preventative care at 100%. Refer to carrier pages for more information about each plan.

What's the difference?

HDHP

- Health care services are offered within a select network of local or national doctors and hospitals depending on the plan
- Lower premium cost
- Higher deductible
- Lower out-of-pocket maximum
- You generally pay the full cost of services until the annual deductible is reached and then pay coinsurance until the out-of-pocket maximum is reached.
- You can set up and use a health savings account (HSA) to help budget out-of-pocket expenses.

DHMO/PPO

- Health care services are offered within a select network of local Colorado doctors and hospitals depending on your provider
- Higher premium cost
- Lower deductible
- Higher out-of-pocket maximum
- You pay for some services in the form of a copay and the full cost for other services until the annual deductible is reached and then pay either copays or coinsurance until the out-of-pocket maximum is reached.

EDCP

- Health care services are offered within a select network of local Colorado doctors and hospitals depending on your provider
- Higher premium cost
- Deductible and out-of-pocket maximum are the same
- You pay for many services in the form of a copay. The annual deductible applies to inpatient hospital stays and physicians' fees.

KAISER PERMANENTE®

At Kaiser Permanente, your doctors, hospitals, and coverage are connected. Your health record links it all, so your care feels seamless and easier to manage. Virtual care and mental health support are just a tap away. Everything comes together in one experience — preventive, primary, and specialty care, plus pharmacy, labs, and wellness programs. Connected care can help you stay on top of your health. In fact, our members are 35% less likely to lose years of life compared to nonmembers in our communities.* That's better health care, built around you.

*Elizabeth A. McGlynn, PhD, et al., "Using Mortality and Years-of-Life-Lost Metrics to Evaluate Health System Performance and Inform Health Care Policy," NEJM Catalyst, October 2025.

Medicare Advantage Medical Plans

We offer two Medicare Advantage plans through Humana and Kaiser Permanente for you and your dependent(s) who are eligible for Medicare and are actively enrolled in Parts A and B. All of our Medicare Advantage plans include Part D, Prescription Drug Coverage. When you enroll in one of our Medicare Advantage plans you should not enroll in a separate Part D plan as this will cause you or your dependent(s) to be cancelled from the DERP Medicare Advantage plans.

The Kaiser Permanente Colorado Senior Advantage HMO plan is only available to members living in Colorado.

The Humana Preferred Provider Organization (PPO) plan is more flexible and available nationwide. It offers you and your dependents flexibility with the ability to see providers that are in and out of the Humana network if the provider accepts Medicare patients. No referrals are required on the Humana PPO plan.

Medicare Eligibility

When you become eligible for Medicare (for most, that is age 65), you are no longer eligible to be enrolled in one of DERP's non-Medicare medical plans. Instead, you become eligible to enroll in one of DERP's Medicare Advantage plans.

Steps to enroll in a DERP Medicare Advantage plan:

1. Contact Social Security and enroll in Medicare Parts A and B three months before your 65th birthday.
2. Email Help@DERP.org to request an enrollment application when you receive your Medicare card showing your entitlement to Parts A and B.
3. Complete and return your application, along with a copy of your Medicare card, to us prior to your effective date of enrollment. (Medicare does not allow retroactive enrollments on Medicare Advantage Medical plans.)

Your health is more important than ever. With Humana, you have access to programs and proactive support to help you maintain your health so you can do the things you care about the most. Helping you achieve lifelong wellbeing is Humana's mission. And with over 30 years of experience with Medicare, Humana has learned how to be a better partner in health and is why over 8 million Medicare members across the country choose Humana.

Dental Plans

We offer dental plans through two carriers: Cigna and Delta Dental. Both carriers have three different options of dental coverage. Refer to the plan comparisons for a summary of covered services for each plan.

Coverage Verification

Every plan is different. It is important to understand the specifics of your dental benefits, especially what is and is not covered. If you think you may need treatment and want to find out what your costs will be, ask your dentist to submit a pre-treatment estimate allowing you to understand your full financial responsibility before committing to services.

At Cigna Healthcare, we aim to make health care more affordable, predictable, and simple for the customers, patients, clients, and communities we serve. As part of The Cigna Group, a global health company dedicated to improving health and vitality, we leverage our broad scale and expertise to support whole-person health and better outcomes. Through our businesses, Cigna Healthcare and Evernorth Health Services, we serve more than 185 million customer relationships across 30+ markets and jurisdictions, using data-driven insights and innovative solutions to improve health and well-being.

*If you use an out-of-network provider, you may be “balance billed” by your dentist for any charges above Cigna’s contracted PPO fee schedule.

Delta Dental of Colorado is a nonprofit dental benefits company with a mission to improve the oral health of the communities we serve. Through our innovative plans, large dentist network, and expert customer service, we make dental care accessible, affordable, and simple, leading to a healthier smile and life. And through our foundation and corporate social responsibility initiatives, we are active in the community, helping expand access to quality dental care and giving to organizations that support our mission of improving the oral health of the communities we serve. Creating healthy Colorado smiles is what drives us.

Vision Plan

Eye exams are an important part of overall health for your family. With VSP you get the highest level of care including an annual exam designed to detect signs of health conditions like diabetes and high blood pressure.

With a vision of providing access to high-quality, cost-effective eye care to the world, a group of optometrists founded VSP in 1955. More than 60 years later, that vision has evolved into providing world-class products and services to eye care professionals, employers, and more than 80 million members worldwide.

VSP has special pricing for lasik surgery with participating centers which can add up to hundreds of dollars in savings for VSP members.

Additional Useful Information

Will I receive new insurance cards?

It depends on the carrier.

Kaiser Permanente

New non-Medicare and Kaiser Senior Advantage subscribers will receive new cards. Need a replacement card? Log in to your Kaiser portal account or call (303) 338-4545.

UnitedHealthcare

All subscribers will receive new cards. Need a replacement card? Log in to your UnitedHealthcare portal account or call (800) 842-5520.

Humana

All subscribers will receive new cards. Need a replacement card? Log in to your Humana portal account or call (866) 396-8810.

Cigna

Subscribers are not issued cards. Your dental office can confirm your coverage directly with Cigna.

Delta Dental

New subscribers will receive new cards. Need a replacement card? Log in to your Delta Dental portal account or call (800) 610-0201.

VSP

Subscribers are not issued cards. Your vision provider can confirm your coverage directly with VSP.

Do I have insurance coverage when traveling in the United States?

Yes, you're covered when traveling within the United States and have a medical emergency. All medical plans cover emergency and urgent care services at the in-network benefit level, even if the facility is not part of your plan's network. If you're traveling and wish to receive non-emergency care (routine care), check with your medical plan first to determine if the cost of that care is covered by your plan.

What happens to my coverage if I move?

When you move, you must notify us of your new address within 30 days of your move date so we can share the change with your insurance carrier(s). You can submit your address change via your [MyDERP.org](https://myderp.org) account. If you move outside of your plan's service area, your coverage will be cancelled. In most cases, you can continue to have insurance coverage with us, via an alternate carrier.

When can I cancel my coverage?

You may cancel coverage for yourself and/or any dependent at any time. Cancellations are effective the first of the month following receipt of the request for cancellation. If you cancel coverage for you and/or your dependents during the year, you can re-enroll during the Open Enrollment period in October with a January 1 effective date.
