What is DERP?

The Denver Employees Retirement Plan (DERP) is a comprehensive provider of retirement, disability, and death benefits to eligible active, retired, and former City and County of Denver, Denver Health and Hospital Authority, and DERP staff. As a trusted administrator of the city's pension for over 60 years, we partner with members to build, plan, and live a secure retirement future through member education, prudent investment management, and exceptional service.

More than three-fourths of Americans agree that those with pensions are more likely to have a secure retirement.

Your DERP Pension Benefit is designed to be supplemented with Social Security and your personal savings and investments to provide you a valuable foundation for a strong retirement future.

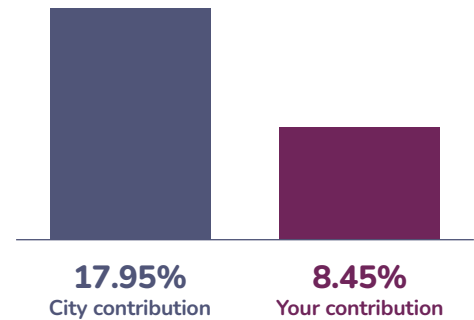

Advantages of a DERP Pension Benefit

- **It Can Be Passed on to a Loved One**
 Your DERP Pension Benefit can continue to be paid to your beneficiary after you pass.

How is Your DERP Pension Benefit Funded?

Each pay period, you and the city contribute a pretax percentage of your paycheck toward your retirement future. Your contributions are pooled with thousands of other DERP members and become part of the DERP trust fund which is invested to earn additional income using a strategy that focuses on long-term results.

How DERP Works

- You become a member on your first day of employment.
- You and the city contribute a percentage of each paycheck, pretax, to your DERP Pension Benefit.
- You become vested and qualify for a monthly lifetime DERP Pension Benefit after five years of service credit.
- If you separate before you are vested, you can request a refund of your contributions, plus interest, or roll them over into another qualified retirement account. Your employer's contribution remains with DERP.
